

**Racing City Chorus  
Board Meeting May 18, 2020**

**Attendees:**

Jeff Perkins, Sam Taylor, Steve Dyer, Chuck Packevicz, Lou Fisher, Pete Tarana, Rusty Senecal, Vic DelNegro, and Dave Potts

**Previous Minutes and Financial Report: Approved.**

**New Business:**

- Coronavirus and what's next:
  - To go back to the PBA, we need permission of the PBA.
  - Current status is we still cannot get together as a large group.
  - Perhaps we can find other alternatives to sing.
  - BHS says it will be longer than another month.
  - Even if we could get together, many members may not show up as several are in the high risk category.
  - Flattening the "Curve" only applies to hospitalizations.
  - We must be off the "Pause", and we are Phase 4.
  - It may be several months before all of us can get back together other than in small groups perhaps.
- New Ideas:
  - Use acapella Apps to generate something to keep us going.
  - Lou will make up tracks for us with a metronome to help us work on music.
  - Update, we are now working on a Rainbow Gram process that has potential.
  - Maybe look at Bandlab App or virb.com.
  - Are there new things we can do on Zoom for our meetings?
  - Finish the music we are learning and look for newer (more current) music.

**Old Business:**

- 2 potential parades in September, stay tuned.
- The Manual update is in process.
